There are two basic types of payment plans. The first option is to make one single payment at registration. A 2% discount is given for the full year payment. Payment can be made by credit card at registration. There is a 3% convenience fee associated with credit card payments. Therefore, if this payment method is used, the 2% discount will not be applied, but the convenience fee will be waived.

A minimum payment of \$100 is expected at the time of registration. If you need to discuss other payment options, the Board of Education is eager to find a way to accommodate you as they are able.

All families are expected to enroll with FACTS prior to starting school. Automatic deposit with a convenient monthly schedule can be established at no extra cost to families.
